You should hire a car accident attorney to:

Investigate and Gather Information

A car accident attorney knows how to investigate the accident and gather pertinent information and evidence for a successful car accident claim.

Handle the Insurance Claim Process

When represented by a lawyer, it is easier to request the compensation you deserve. The insurance company will not delay claims or offer less compensation when an attorney is involved.

Negotiate a Settlement

An experienced car accident attorney will know how to determine the value of your claim and negotiate a fair settlement.

Represent You in Court

Unfortunately, not all car accident cases are resolved through insurance claims. A personal injury lawsuit may be necessary to recover compensation. An experienced car accident attorney will represent you and handle all the legal formalities.
